

Napa Plaza hotel is committed in reducing the environmental impact of its operations, using sustainability for its every day operation implementing relevant legislation, and promoting an environmental culture.

Since 2015, our hotel has implemented Travelife’s principles and practices in preserving the environment and improving local community relationships. This is an international sustainability certification scheme for hotels and accommodations. It is a standard that helps to improve how

hotels manage their environmental and social impacts, such as reducing energy or water consumption, and ensuring to support local people, businesses and culture. In addition it covers issues like human rights, child protection and employee welfare.

We recognise that the environmental protection is everybody’s business for the benefit of our employees, guests, the local community, our country and the planet. The hotel works towards that by setting environmental targets and actions for reducing its environmental impact, training its employees, supporting the local community and involving its guests. Our main actions and targets include:

Main Actions & Targets	
	Reduce our waste 25% by... Improving our planning for purchases and food production; Using bulk and large quantities wherever possible; Implementing a hotel wide solid waste recycling system
Reduce energy consumption and improve efficiency.... Installing energy efficient lamps in guest rooms, back office areas and public areas; Installing energy efficient sliding doors to guest rooms; Installing photovoltaic panels to swimming pool pumps	Reduce water consumption and improve efficiency by... Communicating our guests to support our towel reduce programme Training our employees to save water Implementing a water leakage monitoring programme

All of us participate in this effort. We also motivate our partners, suppliers and local authorities to accept and implement similar practices.

In addition we encourage you to join our efforts during your stay with us. Simple things you can do...

1. Give from your heart. Contribute an amount of €2.00 for less privileged local community members.
2. Reduce, reuse and recycle. Make use of the recycling bins located by the pool area.
3. Save water. Reduce the flow of water or turn off water when not needed.
4. Save energy. Turn off lights and air condition when leaving the room.
5. Experience the rich Cypriot civilization, culture, history and way of life. Our Front Office will be glad to provide you with suggestions.
6. Taste the excellent local cuisine.
